## Inter-Tel® Model 8602 (IP Softphone)

### Superior Functionality, Mobility and Flexibility.

By using the Internet as part of your communications solution, your system is everywhere you want it to be. With the Inter-Tel Model 8602, you'll enjoy the superior versatility and mobility provided by an IP softphone, which effectively transforms your laptop or desktop into a fully-featured communications endpoint. Mobile and remote workers can easily access the office telephone without losing key features—the Model 8602 offers virtually identical functionality to the Inter-Tel Model 8662. Users can effortlessly place and receive calls—and access voice mail messages—through the simple graphical user interface. Sophisticated firewall and NAT traversal allows users to move effortlessly across networks.

#### Features

- Feature buttons and icons for easy access to features
- Six-line display and eight display menu selection buttons that change functions according to the feature selected
- Tray Client that provides graphical representation of the state of the telephone
- Volume sliders for the microphone and speaker for added control
- Retractable dial pad to conserve space
- Mouse and keyboard activated feature control
- Requires Microsoft Windows XP or Vista operating system and Inter-Tel 5000 software version 1.2 or higher, or Inter-Tel Axxess converged communications platform version 9.1
